Games and Sports in Rajshahi Cadet College

Games and sports develop not only the physical health but also ensure the sound growth of mental health. To serve this purpose of all-round healthy growth of the cadets good number of games and sports have been included as the form of competition among the Houses in Cadet Colleges.

The types of games and sports include football, cricket, hockey, basketball, volleyball, rugby and so on. By regular participation in games in the afternoon and frequent practice and participation in the competition of games and sports boost up the strength and improve the stamina of the cadets.

Games and Sports in Rajshahi Cadet College

- Indoor games help us to practice essential cognitive skills and enhance the parts of brain responsible for complex thought and memory formation. Creative indoor games help the brain retain and build cognitive associations well.
- As Indoor games have multidimensional benefits, cadet colleges offer good opportunity for the cadets to practice and take part in various types of indoor games apart from a good number of field events. The indoor games categories in cadet colleges include carom, table tennis, chase, pool, squash and so on. Cadets take part in all these games in the form of Inter House Competition once in a year.
- Cadets have regular opportunity to practice indoor games in their House Common room everyday during the free time.
- Thus, the open ended variety of games and sports opportunity pave the way to the sound physical boost up and mental groom up for the cadets in Cadet Colleges.

Games and Sports in Bangladesh

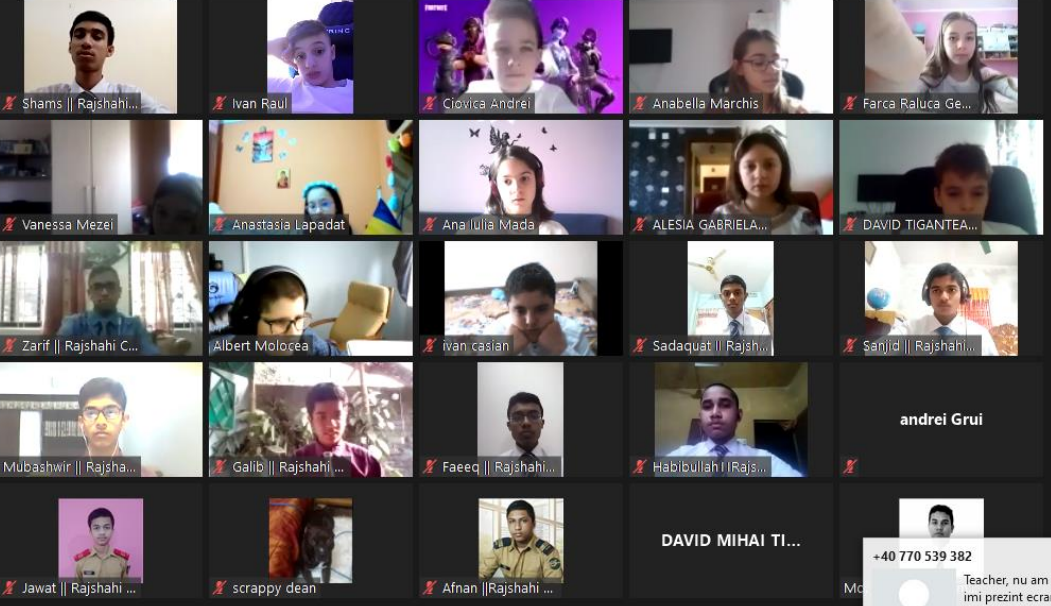

- After the independence Bangladesh Sports Control Board (BSCB) was established in 1972 and some important and popular games federations were formed at that time. These include: Athletics, Football, Volleyball, Hockey, Boxing, Cricket, Swimming, Badminton, Basketball, Wrestling, Body building, Chess, Kabadi and Judo. Later the following federations or associations were formed Archery, Carom, Billiard and Snooker, Handball, Karate, Squash Racket, Tennis, Taekwondo, Cycling, Golf, Kite-flying, Fencing Deaf and Dumb, Rowing, Wushu and Bridge. The BSCB later turned into National Sports Council (NSC). The Ministry of Youth and Sports was also created later for the smooth promotional of sports in the country.
- A huge number of athletes take part in the inter school, college and university games. From 1975 to 1990 most of the players of national teams were selected from these meets. The government has set up the National Sports Education Centre at Savar, Dhaka to groom up the potential players and athletes.
- Bangladesh has some traditional games, which are still popular in rural areas. These are Ha-du-du, Golla soot, Bouchi, Horse-race, Cock-fight, Bull fight, Boat race and other popular events are Athletics, Boxing, Badminton, Basketball, Cricket and Football, Gymnastics, Hockey, Swimming, Table-Tennis, Tennis, Volleyball and Wrestling.
- The National Sports Council (NSC) bill was amended in 1974 for the development of sports and games in the country. All sports Federation and Divisional and District sports organisations were affiliated to the NSC for holding games and sports, arranging coaching and training from grass root level.

Games and Sports

Sports are good physical exercise and nobody can keep good health without it. That is why sports are necessary for all. Among various types of sports, out-door sports like cricket and football are very popular. Nowadays these have become a very popular form of entertainment. Generally, sports require quick movement the limbs. Similarly, sports have certain rules which the participants have to obey. Thus through games and sports, people learn discipline which is very important in practical life and they are also beneficial in different ways. When we play sports, we imbibe qualities such as honesty, teamwork, leadership, and strategic planning. These skills will be helpful in every walk of life.

Games and Sports

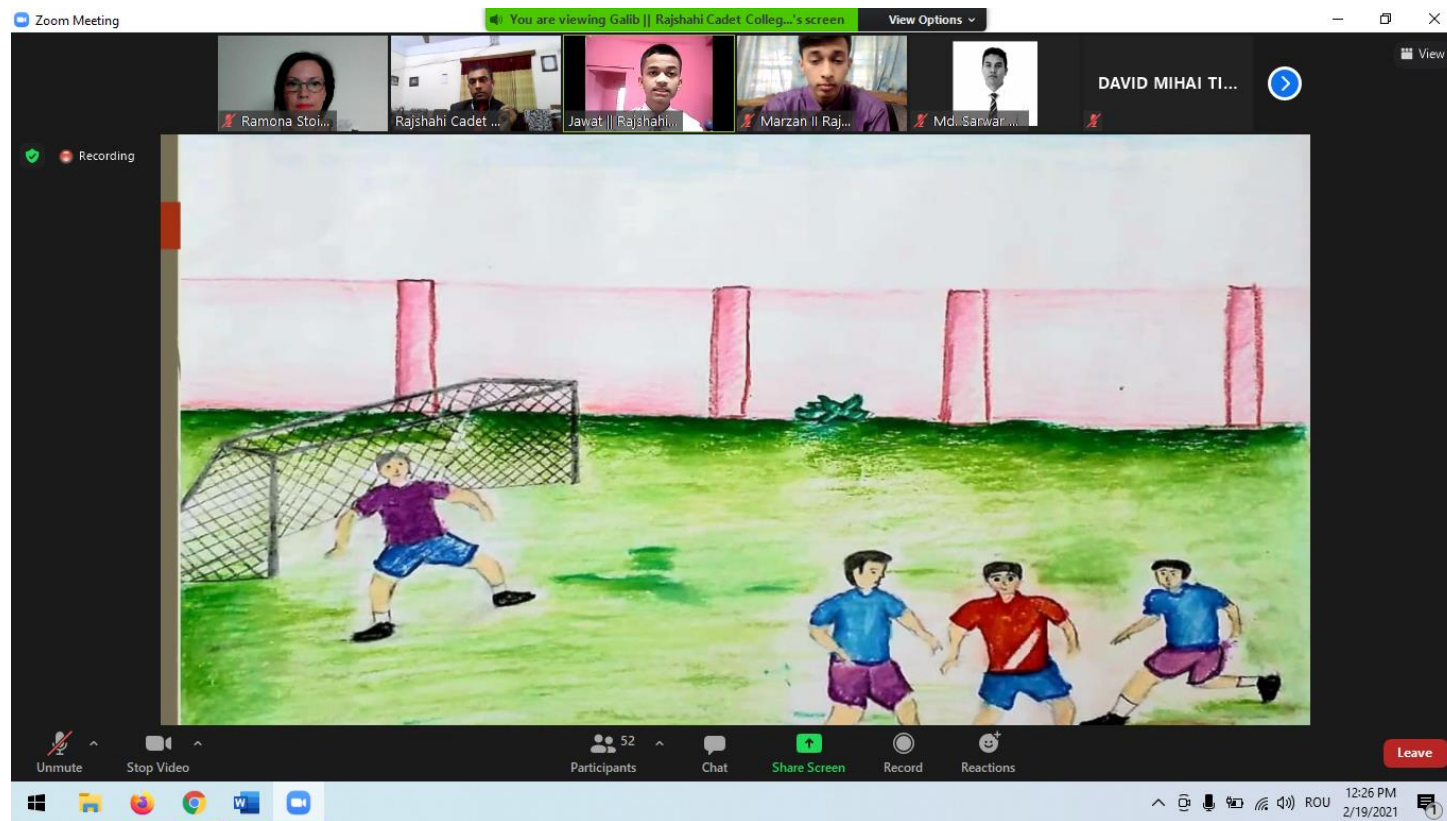

Games and sports are very similar. The difference between games and sports is that games involve both physical and mental activities while sports require certain physical activities. Games and sports are very essential for maintaining good health. Both indoor and outdoor games are necessary for keeping our mental and physical health in good condition. Outdoor games like football, swimming and running it increases our stamina. Indoor games like chess improves our mental health and our ability to make decisions properly. Some outdoor games like cricket and football makes us more competitive and teaches us teamwork. On the other hand, sports require a lot of physical activities which increases our blood circulation. Blood circulation keeps our heart healthy. Sports keeps our body physically fit and strong. Sports make ourselves very active and fresh. Regular practices of games and sports

LIGRETTO

My name is Bella and I am 11 years old. Today I am talking about my favourite game.

My favourite game is Ligretto. It is super easy to it. This game contains:

- instructions;
- 160 cards (4 sets of 40 cards each card to - one set for each of the 4 players)

In this game you have to be fast.

The game has to be played simultaneously so you must be faster. The speed is essential. You need to put down a coloured set of cards by numbers, from 1 to 10, in this order and your opponent should match the card you have with the same number, with one of his own.

The first one who finishes the cards has to say "stop" and then he wins.

This game develops the ability, the attention and the speed in thinking.

THANK YOU FOR LISTENING!

MINECRAFT

My favourite game is Minecraft. In this game, everything is made of cubes. There are 2 game modes: survival and creative.

In survival mode you have to survive, by making better and better tools, building a house, hunting animals for food and protecting them from monsters. In your world you can find villages, with villagers, with whom you can trade for different things.

Chess is a two-player strategy board game played on a chessboard, a checkered board with 64 squares arranged in an 8×8 grid.

By convention, chess game pieces are divided into white and black sets. Each set consists of 16 pieces: one king, one queen, two rooks, two bishops, two knights, and eight pawns.

I like chess because...

- Chess improves concentration.
- Chess develops logical thinking.
- Chess promotes imagination and creativity.
- Chess inspires your self-motivation.
- Chess involves an infinite number of calculations.
- Chess gives you the opportunity to meet many interesting people.
- Chess is a test of patience, nerves, willpower and concentration.
- Chess develops memory.
